Noon : [noon: Online Shopping Egypt | Mobiles, Beauty, Appliances, Fashion](https://noon.com/egypt-en/eg-tank-cold/)

The screenshot shows the Noon Egypt website interface. The header includes the Noon logo, a search bar, and navigation links for 'Log in', 'Home & Appliances', and 'BEST DEALS'. The main navigation bar lists categories: Electronics, Women's Fashion, Men's Fashion, Kids' Fashion, Beauty & Fragrance, and Home & Appliances. The search results for 'noon Picks' show 15 results, sorted by 'Recommended'. The filters on the left include Fulfillment (express), Category (Home & Kitchen), Brand, Price, Product Rating, New Arrivals, Capacity, Colour, and Item Pack Quantity. The product listings show three items: TANK Tank Quencher (Lavender, 1200ml, EGP 899), TANK Tank Quencher (Hot Pink, 1200ml, EGP 899), and TANK Tank Magnet (Matcha, 1000ml, EGP 999). The right sidebar shows a Lighthouse performance report with a score of 9/25 and a message about page navigation issues.

This screenshot is similar to the one above, showing the Noon Egypt website with search results for 'noon Picks'. The product listings and filters are the same. However, the right sidebar now displays a detailed Lighthouse performance report. The report includes metrics such as Total Blocking Time (5,600 ms), Cumulative Layout Shift (0.991), and Interaction to Next Paint (250 ms). It also provides a summary of the issues affecting the run of Lighthouse, such as 'A page navigation was detected during the run. Using timespan mode to audit page navigations is not recommended.' The bottom of the page shows the Windows taskbar with the time 3:31 PM on 10/19/2023.
